Subject : Monthly Report [redacted] December 1981

I. GENERAL

A. On the 11th events were set in motion in Argentina which resulted in that country receiving a new president on the 22d. After weeks of speculation, the ruling 3-man military junta finally decided to replace ailing President Viola. They designated one of their own members--Army Commander General Galtieri--to take over as president. When General Galtieri was finally sworn in on the 22d he became the fifth person to hold presidential office in Argentina during the course of 1981.
